

5 Courses

**Programming for Everybody  
(Getting Started with Python)**

**Python Data Structures**

**Using Python to Access Web Data**

**Using Databases with Python**

**Capstone: Retrieving, Processing, and Visualizing Data with Python**

Jul 8, 2023

## JISNOO DEV PAL

has successfully completed the online Specialization

# Python for Everybody

This Specialization builds on the success of the Python for Everybody course and will introduce fundamental programming concepts including data structures, networked application program interfaces, and databases, using the Python programming language. In the Capstone Project, you'll use the technologies learned throughout the Specialization to design and create your own applications for data retrieval, processing, and visualization.

Charles Severance  
Clinical Associate  
Professor, School of  
Information  
University of Michigan

This certificate attests to the learner's completion of an online program delivered via Coursera. It does not constitute formal enrollment at any university or entity and does not itself grant academic credit, grades, or a degree. Institutions or organizations may, at their discretion, recognize this learning toward their own programs or credentials.
